

PGIS RESCON 2026 – 24th & 25th September 2026

Guidelines for Presenters

Thank you for submitting an abstract to RESCON 2026. We are happy to inform you that your abstract has been accepted, and we are moving towards the final stage of the RESCON 2026 organizing process.

The session to which your presentation is assigned, together with its date and time, will be notified to you soon. This information will also be available on the conference website, <https://www.pgis.lk/rescon2026/>, under the **Conference Programme section**.

RESCON 2026 will be held primarily as an in-person event at **the Postgraduate Institute of Science (PGIS)**. **Local presenters must attend PGIS in person to present their research findings. Requests for online presentation will be considered only under special circumstances, particularly for international presenters.**

1. If the designated presenter cannot physically attend the conference, a co-author must attend and present the research findings.
2. If none of the authors show up to present the research findings;
 - All the authors of the respective abstracts will be blacklisted from the PGIS RESCON conference for a duration of 3 years, and
 - The respective abstract will be removed from the proceedings without publishing.
3. Presenters must be in the room where the respective session is to be conducted 30 minutes before the session starts and save a copy of the PowerPoint presentation on the computer before the beginning of the session.
4. Technical Sessions will be conducted in 8 different rooms located at the PGIS building. Presenters are advised to be in the correct room and to find the session promptly. Presenters can find location information at the registration desk.
5. The presentation time is 10 minutes. At the 8-minute mark, the first bell will ring and after another 2 minutes the final bell will ring.
6. You have to finish the presentation at that time and we will move on to the Q&A session.

7. At the end of all the presentations, session chairs will conduct a panel discussion. All presenters must remain in the session until the panel discussion concludes.
8. Please remain in the room throughout the whole session.
9. Co-authors of your abstract can also join the sessions and they can participate in the Q&A session and the panel discussion.

Thank you!

Conveners/Technical Programme Committee
